All you need to know

about ballooning, and some things you don't!

Rising above it all

Ballooning Network invite you to fulfil the ambition of a lifetime. Experience a bird's-eye view of the countryside while slowly drifting across the landscape enjoying the magnificent sport of hot air ballooning. For a unique birthday present, anniversary gift or special treat, rise above it all!

Buy one of our flexible flight vouchers which are valid for 12 months and book a flight.

A Magic carpet ride

Our aim is to give everyone a pleasant, enjoyable and safe flight. Ballooning is an adventure, a magic carpet ride, something not to be rushed. The flight will last for about one hour, the whole outing usually takes between 3 and 4 hours. Flights are available throughout the year. We fly in the late afternoon or evening and soon after dawn to take advantage of the stable air and light winds found at these times of the day. We do not fly if it is raining or very windy.

Where do we go?

Ballooning, like serendipity, is the art of making happy and unexpected discoveries

by chance. Where we go is entirely dependent upon the wind. No two flights are the same. The average distance we travel is ten miles, affording you stunning views of the surrounding scenery.

Coming prepared

Age is no barrier to enjoying this spectacular sport, our passengers ages range from nine to ninety! We provide a friendly and personal service. Passengers may like to help lay out and launch the balloon or simply leave this to our ground crew. For your safety and comfort we suggest you wear outdoor clothing suitable for the time of year.

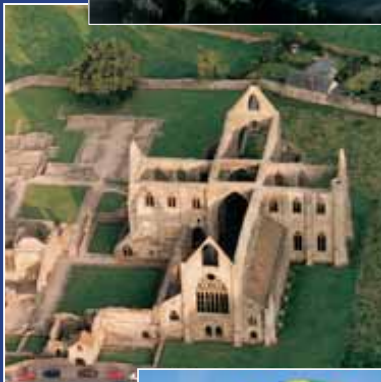

A balloon basket is a brilliant platform for photography, bring a camera or camcorder and plenty of memory chips!

The champagne celebration!

Chilled champagne or orange juice is served with our compliments. Each passenger receives a commemorative flight certificate signed by the pilot. Our experienced retrieve crew, who are in radio contact with the balloon, meet us on landing and will return you to the launch site if required.
